## PUBLIC SERVICE ANNOUNCEMENT

The City of Watertown will be undertaking roadwork to reconfigure the travel lanes on Washington Street between Chestnut Street southerly to the City Limits beyond Hudson Lane. This work will involve the removal of existing lane markings, placement of new lane markings, and the installation of signage and crosswalk modifications.

The work is scheduled to begin Wednesday, August 16, 2017. During the course of the project, through traffic in the work zone will be limited to a single north bound travel lane and a single south bound travel lane. Temporary lane delineators and signage will be placed to direct traffic.

Motorists are urged to use extreme caution and travel at reduced speeds when in this work zone. It is anticipated the work will be substantially completed by September 8, 2017.
