Public Information Meeting

For Immediate Release Nov. 27, 2017

Mill St. Bridge Rehabilitation Project
Public Information Meeting
November 27, 2017
10:00 AM - 12:00 PM
City Hall, Room 305
245 Washington Street
Watertown, NY 13601

The project involves the element specific rehabilitations of the existing Mill St. Bridge over Black River and the existing Pearl St. Bridge over North Branch of Black River in the City of Watertown, Jefferson County, New York. The project's history and goals will be discussed at this meeting to solicit public input prior to development of the final design and eventual construction in 2019.

The project involves the element specific rehabilitations of the existing Mill St. Bridge over Black River and the existing Pearl St. Bridge over North Branch of Black River in the City of Watertown, Jefferson County, New York. The project's history and goals will be discussed at this meeting to solicit public input prior to development of the final design and eventual construction in 2019.

After the formal presentation project representatives will be available to meet with individuals, groups, officials and local agencies to discuss the proposed infrastructure improvements and construction of the Mill St. and Pearl St. Bridges.

This public informational meeting is part of the continuing efforts by the City of Watertown to encourage public input into the development of transportation projects.

For further information, please contact the Department of Engineering, Suite 305, City Hall, 245 Washington Street, Watertown, N.Y. 13601 in person, or by phone at the above number.
