FOR IMMEDIATE RELEASE

ROAD CLOSURE

WEST MAIN STREET at VANDUZEE STREET

EAST BOUND TRAVEL LANE

The East Bound Travel Lane of West Main Street in the City of Watertown has been closed to traffic at Vanduzee Street.

The road closure is required to allow personnel from CSX Railway to conduct inspections and make temporary repairs to small areas of concrete on the rail bridge over the east bound travel lane of West Main Street.

East bound traffic entering the City will be diverted across Vanduzee Street to Coffeen Street. Detour signage will be in place to guide motorists. Please use extreme caution in this area.

The lane closure will be removed as soon as repairs are completed by CSX Railway.

The West Bound lane of West Main Street leaving the City will remain open to traffic.
