This project is being conducted in partnership with the Watertown Noon Rotary Club, the City of Watertown and Tree Watertown. Tree Watertown serves as the City's volunteer street tree advisory board. Their mission is to educate the community of Watertown in understanding trees as less of a threat to property and safety and more of a long-term benefit through Education, Planting and Maintenance; and to serve as a resource to the community by providing the professional skills needed by other groups interested in re-TREE-ing Watertown.
