

PROJECT DESCRIPTION

Court Street Bridge Rehabilitation, Massey Street and Coffeen Street Resurfacing

This bridge and street preservation project is a Locally Administered Federal Aid Project (LAFAP), programmed into the Metropolitan Planning Organization (MPO) and NYS Transportation Improvement Plan (TIP), and slated for construction in 2020. Preservation work includes deck repair, cleaning and sealing of the Court Street Bridge, as well as milling and repaving of Massey Street (Clinton Street to Court Bridge) and Coffeen Street (Massey Street North to City Limits). Both design and construction is anticipated to be funded 80% by federal dollars and up to a 20% match from the City.
