STREET CLOSURE PARK DRIVE WEST

**Department of Engineering
Contact: 315 785 7740**

As of 7:00AM November 17, 2025, Park Drive West intersection at Boyd Street will be closed to traffic to allow contracted crews to perform repairs to the sanitary sewer in this area. The work will also impact the sidewalks in this area. Crews will maintain standard street closure signage and work zone protection for the duration of the project.

Residents on Park Drive West will have access on adjoining streets and the rear common right of way for parking.

We anticipate the work to be completed by end of business on Wednesday, November 19, weather permitting.

Motorists are asked to exercise caution while in this area and plan on alternate routes for the duration of this project.

Please contact the City Engineering Department at 315-785-7740 with any questions or concerns. Thank you for your patience and cooperation.
