STREET CLOSURE MECHANIC STREET

**The Bureau of Code Enforcement
Contact: 315 785 7735**

Mechanic Street between Olive Street and Emerson Street will be closed from 8:00AM-5:00PM May 14, 2026, and May 15, 2026, to traffic to allow Independent Commercial Contractors (ICC) to complete a demolition of the structure at 209 Mechanic Street. The work will also impact the sidewalk in this area. Crews will maintain standard street closure signage and work zone protection for the duration of the project.

Residents on Mechanic Street will have access on adjoining streets and the rear common right of way for parking.

We anticipate the work to be completed by end of business on Friday, May 15, 2026, weather permitting.

Motorists are asked to exercise caution while in this area and plan on alternate routes for the duration of this project. Pedestrian detours will also be necessary during the demolition.

Please contact The Bureau of Code Enforcement at 315-785-7735 with any questions or concerns. Thank you for your patience and cooperation.
