FOR IMMEDIATE RELEASE
November 19, 2026
TRAFFIC ADVISORY:
TEMPORARY CLOSURE OF MULLIN STREET

Engineering Department
Contact: (315) 785-7740

The City of Watertown Engineering Department advises motorists and residents of an upcoming temporary road closure on Mullin Street to accommodate paving operations associated with the ongoing construction project at **400 Washington Street**.

On **Friday, November 20, 2026, Mullin Street will be closed to traffic between Washington Street and Sherman Street from 8:00 a.m. to 5:00 p.m.** Solidus Construction will be performing parking lot paving operations during this time.

Appropriate traffic control measures, including temporary barricades, signage, and on-site flaggers, will be implemented to safely restrict traffic through the work zone and assist motorists as necessary.

Motorists are encouraged to utilize alternate routes during the closure and exercise caution when traveling in the surrounding area. Please remain alert for construction personnel, equipment, and temporary changes in traffic patterns.

Mullin Street is expected to reopen to normal traffic at 5:00 p.m. on Friday, November 20, 2026, upon completion of the scheduled work.

The City of Watertown appreciates the public's patience and cooperation as these improvements are completed.
