FOR IMMEDIATE RELEASE

October 16, 2026

TRAFFIC ADVISORY

HUNTINGTON STREET — TEMPORARY LANE RESTRICTIONS

Engineering Department | Contact: (315) 785-7740

The City of Watertown Engineering Department advises motorists and pedestrians that Highlander Construction, Inc. will begin preliminary work, including test holes, on Huntington Street on Monday, October 19, 2026. Construction is expected to continue through December 18, 2026.

During construction, motorists should anticipate traffic delays on Huntington Street between Eastern Boulevard and Factory Street. As work progresses, portions of the roadway will be temporarily reduced to one lane. Two-way traffic is expected to be restored at the end of each workday.

Highlander Construction, Inc. will establish traffic control measures throughout the project, including temporary barricades, signage, temporary traffic signals, and on-site flaggers. Pedestrian access and right-of-way will be maintained throughout construction.

Motorists are encouraged to use alternate routes when possible and exercise caution when traveling through the work area. Please remain alert for construction crews, equipment, and changing traffic patterns.

The City of Watertown and Highlander Construction, Inc. appreciate the public's patience and cooperation while these improvements are completed.
