GENERAL ADVISORY

600 Block of Bradley Street and Surrounding Area

The City of Watertown's Water Distribution staff have completed the repairs to the water main in the 600 block of Bradley Street. Residents occupying properties near to the repair area may temporarily experience dirty or discolored water. Those experiencing this issue should allow their cold water to run for 10-15 minutes to allow the water to clear up.

The Water Distribution Department would like to thank you for your patience and cooperation while this work was being completed.
